

LLANTWIT MAJOR TOWN HALL – A great place to hold an event!

The Town Council have been working hard over the last two years at refurbishing the Town Hall. The following projects have been undertaken on the building:

- a) The whole building has been repainted in a neutral colour scheme of magnolia and light grey.
- b) A new kitchen has been installed providing increased workspace, a refrigerator, microwave, crockery, glasses, thermos flasks and utensils.
- c) The toilets have had a facelift and cupboard units installed to provide shelving and hide all the old pipe work.
- d) New flooring has been laid in the Heritage Centre, Kitchen area, downstairs foyer and toilet area.
- e) The Town Hall Floor has been stripped and re-varnished to bring the floor back to its original wood colour.
- f) The 1970's style tube lighting in the Hall has been removed and replaced with softer, ornate lighting, more in fitting with this historic building.
- g) The old blue/grey and brown plastic chairs have been removed and recycled and replaced with a hundred burgundy fabric banquet chairs.
- h) The 1970's panel partitioning put up around the stage area has been removed making the whole hall lighter and brighter. Creating more space and taking the hall back to its original design.
- i) Wooden tubs have been placed in all window ledges and during the Spring were filled with daffodils.
- j) Bunting has been hung from the ceiling to show how the Hall could be decorated for an event.

The Town Council are ready to relaunch the Town Hall to encourage residents to use the Hall as a venue for weddings, christenings, parties and community events. The hall holds up to 75 persons seated at tables or up to 150 persons dancing/closely seated. The hall has a drinks and music licence so Alcohol can be served and sold on the premises. The Town Hall is in the heart of Llantwit Major, has a free car park at the side of the Hall and provides an excellent central location for events.

The only aspect that must be considered when hiring the Hall is that it is not disabled friendly. The Grade 2* listed building does not have a lift so all hirers will have to climb steps to get into the hall.

The venue offers excellent competitive rates. The hall could be booked for a weekend if a hirer was thinking of holding a wedding reception.

Please contact the Town Hall Office on 01446 793707 if you wish to view, discuss hiring costs or book the Hall for an event.

Detailed below are photographs of past and present Town Hall, to give potential hirers an insight of what facilities this building has to offer:-
