

UPDATE ON THE TOWN HALL CLOCK

Just to advise you all the Town Hall Clock mechanism is off on its holidays to Penrith!!! So, the Clock face time will remain at 12 O'clock for the foreseeable future!

A specialist company has been contracted to remove the clock from the building and it has been taken away for a full clean, repair and service.

Whilst being removed the Town Hall Bell was checked so that when the clock returns from its vacation, we should have the hourly chimes again heard around the town.

Whilst the operators were working on the Bell, they kindly gave the red dragon a clean!!

Town Hall Clock off on its travel !

Clean for the Dragon!
